

Work Experience Education

Work experience education combines work experience with college instruction. This program is organized to provide students with new, expanded, and practical learning opportunities on the job so they may achieve the knowledge, skills, and abilities needed for career success.

In addition to the general work experience education course (WKEX 233), occupational work experience education courses are offered in all career education disciplines (see courses numbered 299 in career education disciplines).

Courses

WKEX 233: General Work Experience Education

Units: 0.5-14

Prerequisites: None

Corequisite: Complete 54 hours of work per unit, paid or unpaid.

Enrollment Limitation: Fourteen unit maximum in any combination of work experience education and/or internship studies per semester.

Acceptable for Credit: CSU

Laboratory 12.25 hours.

Course Typically Offered: Fall, Spring, and Summer

This course is intended for students who are employed in a job not directly related to their major or career area of interest. It allows such students the opportunity to explore various work environments and to undertake new responsibilities and learn new skills at work. Topics include goal-setting, employability skills development, and examination of the world of work as it relates to the student's career plans. Students must develop new learning objectives and/or work/intern at a new site upon each enrollment.
