

Internship Studies Program

About Internship Studies Requirements

Interns are required to obtain a recommendation from a faculty member in the discipline in which they are seeking the internship. Interns must have been enrolled in the faculty member's class and must have performed well. Guidelines for obtaining faculty recommendations vary by discipline and are available in the Career Center.

Once students obtain an internship placement, a customized class is created that requires students to do the following:

- ▶ Attend two meetings with the instructor and supervisor at the work site during the semester.
- ▶ Work a minimum of 54 hours per unit, paid or unpaid.
- ▶ Develop and meet learning objectives, complete assignments, and document monthly hours worked.

Internships are available in all disciplines and are identified with 292 as their course number.

For more information, please visit the Student Resources webpage, stop by the Career Center on the Oceanside Campus (Building 4700), or call the Career Center at 760.795.6772.
