About School Relations/Diversity Outreach

The MiraCosta College Office of School Relations/Diversity Outreach serves as a resource for students, parents, faculty, and staff from schools in the college's service area. The office is responsible for providing outreach services that encourage diversity in the student body. The program's general goals are as follows:

- ▶ Encourage all students to prepare for and pursue a college education by providing college workshops and pre-enrollment advising services.
- ▶ Provide outreach services for disproportionately impacted students who have not historically had access to college.
- ▶ Assist students with their transition into college by providing them with onboarding and admissions-related services.
- ▶ Establish partnerships and maintain positive relations with the administration, faculty, and staff of local K-12 schools and community groups.
- ▶ Represent and promote MiraCosta College to the community.
- ▶ Provide campus tours.

Office Locations

Student Ambassador Program

Student Ambassadors are MiraCosta students hired by the School Relations/Diversity Outreach Department to provide outreach services at K-12 schools and throughout the community.

Ambassadors serve as peer advisers to high school students in local schools, develop workshops for elementary and junior high school students, provide information at community events, lead campus tours, and perform a variety of other important duties for the college.

Ambassadors must be available to work 5 to 15 hours per week. To apply, please visit the Student Ambassador Application webpage.
