Liberal Arts with an Area of Emphasis in Applied Health, Nutrition, and Kinesiology

Liberal Arts with an Area of Emphasis in Applied Health, Nutrition, and Kinesiology

Academic and Career Pathway: Health Sciences

Associate in Arts Degree Liberal Arts with an Area of Emphasis in Applied Health, Nutrition, and Kinesiology

The integrated pattern of courses listed below is focused on the theoretical and applied aspects of health and nutrition. These courses can assist students in developing an understanding of the theories and concepts related to healthful living strategies and provide a foundation for entry into allied health careers. Students transferring to a four year university may choose courses that will provide a basic foundation for further university study in areas such as kinesiology, nutrition, nursing, and the health sciences. Potential career paths include the fields of food science, dietetics and nutrition, education, community health education, athletic training, physical therapy, and medical technicians. Students are advised to meet with a counselor to select courses that are most appropriate to their educational goal.

To earn this associate degree, students must fulfill the following requirements:

- Complete a minimum of 60 degree-applicable units of credit (including major and general education courses).
- Complete all courses required in the major with a "C" or "P" or better.
- Complete a general education pattern of courses (see Associate Degrees).
- Obtain a minimum GPA of 2.0.
- Complete a minimum of 12 units in residence at MiraCosta College.

Program Student Learning Outcome Statement

Upon completion of this program, the student will be able to develop communication, critical thinking, and intellectual skills that effectively prepare him/her for lifelong learning and for advanced study in a wide range of majors at the university level.

Students must complete a total of 18 units.

List A: Select a minir	mum of 6 units from the following	6
courses:		
BIO 110	Introductory Biology: Preparation for Pre-Health Professions (Lecture/Lab)	
or BIO 111	Introductory Biology: Preparation for Pre- Health Professions (Lecture)	
BIO 202	Foundations of Biology: Evolution, Biodiversity, and Organismal Biology	

	Kinesiolog	JУ
BIO 204	Foundations of Biology: Biochemistry, Cell Biology, Genetics, and Molecular Biology	
or BIO 204H	Foundations of Biology: Biochemistry, Cel Biology, Genetics, and Molecular Biology (Honors)	
BIO 210	Human Anatomy	
or BIO 210H	Human Anatomy (Honors)	
BIO 220	Human Physiology	
BIO 230	Introduction to Microbiology	
CHEM 112	Introductory General, Organic, and Biological Chemistry: For Allied Health Majors	
CHEM 115	Introductory General Chemistry: For Allied Health Majors	
or CHEM 115H	Introductory General Chemistry: For Allied Health Majors (Honors)	k
CHEM 116	Introductory Organic and Biological Chemistry: For Allied Health Majors	
CHEM 140	Preparation for General Chemistry: For Science Majors	
CHEM 150	General Chemistry I: For Science Majors	
or CHEM 150H	General Chemistry I: For Science Majors (Honors)	
CHEM 151	General Chemistry II: For Science Majors	
or CHEM 151H	General Chemistry II: For Science Majors (Honors)
