

# CSU Transfer

---

The California State University (CSU) system has 23 campuses across the state. The CSU offers students the choice of more than 1,800 bachelor's and master's degree programs in 240 subject areas. These campuses and the majors they offer are described on the California State University Apply website (<https://www.calstate.edu/apply/choosing-a-campus/>).

To obtain a bachelor's degree from a CSU campus, students must complete a minimum of 120 semester units (180 quarter units). A maximum of 70 units of transferable credit will be accepted for courses completed at MiraCosta or any California community college. The transfer status of MiraCosta College courses is noted in their catalog course descriptions (see How to Read Course Descriptions (<http://catalog.miracosta.edu/howtoread/>)). This information can also be found on the ASSIST website (<https://assist.org/>). ASSIST is the official transfer and articulation system for California's public colleges and universities.

## Minimum Transfer Requirements

The majority of community college students enter the CSU as upper-division transfer students. In order to be eligible to transfer to the CSU, students must meet the minimum requirements described below.

### Upper-Division Transfer Minimum Eligibility Requirements

To be admitted to the CSU as an upper-division transfer student, the student must

- ▶ have completed a minimum of 60 semester or 90 quarter units of transferable coursework;
- ▶ have an overall college grade point average (GPA) of at least 2.0 in all transferable units attempted (note: In high-demand majors and campuses, a GPA of 2.0 may not be sufficient to be admitted.);
- ▶ be in good standing at the last college or university attended (i.e., the student is eligible to re-enroll);
- ▶ have completed four general education courses in the areas of written communication, oral communication, critical thinking, and mathematics/quantitative reasoning with a "C-" or better; and
- ▶ have completed additional courses that fulfill lower-division general education requirements.

### Lower-Division Transfer Minimum Eligibility Requirements

Due to enrollment demands, most CSU campuses restrict or prohibit the admission of lower-division transfer students who have earned fewer than 60 transferable semester units (90 quarter units). However, this policy can vary by campus and is subject to change annually. For more information, please refer to the CSU Lower-Division Transfer website (<https://www.calstate.edu/apply/transfer/Pages/lower-division-transfer.aspx>).

## Associate Degree for Transfer (ADT) Programs

California community college students who earn an Associate Degree for Transfer (AS-T or AA-T) are granted admission to the CSU into a *similar* baccalaureate degree program with a guarantee of junior standing as long as the student meets all prescribed admission requirements.

Degrees that are deemed similar at specific CSU campuses can be found on the CSU Associate Degree for Transfer Major & Campus Search website (<https://www.calstate.edu/apply/transfer/Pages/associate-degree-for-transfer-major-and-campus-search.aspx>). Once admitted, students are required to complete no more than 60 additional prescribed units to qualify for the similar baccalaureate degree.

An ADT does not guarantee a student admission to any CSU campus, but the student's cumulative grade point average (GPA) will be increased by 0.1, and this "calculated GPA" will be applied to the major-specific minimum GPA and to any GPA used in the ranking of applicants.

The local CSU campus for MiraCosta students is California State University San Marcos (CSUSM). CSUSM gives priority admission consideration, including the 0.1 GPA bump, to MiraCosta students who have completed an ADT that has been deemed similar to a major on that campus. Students considering transfer to CSUSM or other CSU campuses are strongly encouraged to consult with a MiraCosta College academic counselor to determine the most appropriate and efficient pathway to transfer.

Courses completed at other institutions accredited by a U. S. regionally accredited institution will be reviewed for placement on an ADT based on existing C-ID numbers and/or course comparability to the transfer model curriculum template developed by the California Community Colleges Chancellor's Office.

The ADTs offered by MiraCosta are listed under Associate Degree for Transfer Requirements (<http://catalog.miracosta.edu/degrecertificate/transferinfo/associatedegreefortransfer/>) in this catalog and on the MiraCosta College Articulation webpage (<https://www.miracosta.edu/student-services/articulation/>). Information about ADTs offered at all community colleges can be found on the California Community Colleges Associate Degree for Transfer website (<https://icangotocollege.com/associate-degree-for-transfer/>).

### Advanced Placement, International Baccalaureate, and College Level Examination Program Credit

Advanced Placement (AP), International Baccalaureate (IB), and College Level Examination Program (CLEP) credit can be used to satisfy the required 60 transferable units. The Advanced Placement Guide (<http://catalog.miracosta.edu/advancedplacementguide/>), International Baccalaureate Guide (<http://catalog.miracosta.edu/table2/>), and College Level Examination Program Guide (<http://catalog.miracosta.edu/table1/>) identify which exams can be used for general education credit and CSU admission units.

## Impacted Programs

An undergraduate major, program, or campus is designated as impacted when there are more eligible applicants than there are available spaces. Impacted majors, programs, or campuses are authorized to use supplementary admissions criteria to screen applicants, such as the following:

- ▶ Completing specific courses
- ▶ Earning a specific grade point average
- ▶ Meeting advance application deadlines
- ▶ Participating in interviews or special evaluations.

The list of impacted programs may vary from year to year, as majors are added and deleted frequently. Also, a major impacted at one campus may be open at another; therefore, students should consult the ASSIST website (<http://www.assist.org>), a MiraCosta College counselor, or a representative at their intended transfer campus to receive updated information about impacted majors.

## Transfer Planning

As soon as possible after registering at MiraCosta College, students whose educational goal includes transferring to a CSU campus should meet with a MiraCosta College academic counselor to develop an appropriate educational plan. An "ed plan" is a term-by-term guide that consists of the **general education courses**, **major preparation courses**, and any **transferable elective courses** that are required by the student's desired CSU transfer destination.

The college's academic counselors will also ensure students are aware of CSU application deadlines as well as the entrance and graduation requirements that are specific to their desired transfer institution.

## General Education Requirements: Cal-GETC Courses

All students obtaining a bachelor's degree from a CSU campus must satisfy general education (GE) requirements. A minimum of 43 semester units of GE is required: 34 units of lower-division and 9 units of upper-division courses. All of the lower-division GE courses may be completed at MiraCosta before students transfer to a CSU campus. To satisfy the GE requirements, students must take specified courses from the California General Education Transfer Curriculum (Cal-GETC) (<http://catalog.miracosta.edu/degreecertificatetransferinfo/generaleducationplans/planc/>) pattern in the following subject areas:

- ▶ Area 1 — English Communication
- ▶ Area 2 — Mathematical Concepts and Quantitative Reasoning
- ▶ Area 3 — Arts and Humanities
- ▶ Area 4 — Social and Behavioral Sciences
- ▶ Area 5 — Physical and Biological Sciences
- ▶ Area 6 — Ethnic Studies

## Major Preparation

Students need to identify a major and complete the required admission courses for that major. MiraCosta College has

articulation agreements with most CSU campuses. These agreements, which can be viewed at on the ASSIST website (<http://www.assist.org>), tell students which courses at MiraCosta can satisfy a major requirement at a CSU campus.

The Associate Degree for Transfer will also specify coursework that will be acceptable as major preparation at participating CSU campuses and may be used in lieu of published articulation agreements.

At some CSU campuses, the required GPA in these major preparation courses may be higher than the admission criteria GPA. And at some CSU campuses, completion of all major preparation courses will make an applicant much more competitive in the admission's process.

## Transferable Electives

If additional units are needed to meet the 60-unit admission requirement, students can complete transferable elective courses. Students may explore areas of interest through any coursework at MiraCosta as long as the course is designated as CSU transferable. The course descriptions in the college catalog and schedule of classes indicate this designation where it applies.

## History, Constitution, and American Ideals

All CSU campuses have a graduation requirement known as History, Constitution, and American Ideals. Students may be certified as completing this requirement either by completing one course from Group I and one course from Group II or by completing the course in Group III. A course used to meet this requirement may also be used to satisfy a Cal-GETC subject area requirement.

### Group I

HIST 110	United States History to 1877	3
HIST 110H	United States History to 1877 (Honors)	3
HIST 116	History of the Americas to 1830	3
HIST 141	Mexican American History Through 1877	3
HIST 145	African American History to 1877	3

### Group II

HIST 111	United States History Since 1877	3
HIST 111H	United States History Since 1877 (Honors)	3
HIST 117	History of the Americas Since 1830	3
HIST 142	Mexican American History Since 1877	3
HIST 146	African American History Since 1877	3
HIST 165	California History	3

### Group III

POLS C1000	American Government and Politics	4
------------	----------------------------------	---

## Cal-GETC Certification

MiraCosta College is authorized to certify a minimum of 34 lower-division general education units. Certification means the CSU will accept the courses approved to meet the Cal-

GETC subject areas. Students should request certification of coursework that meets Cal-GETC requirements because certification ensures students will not be asked to complete additional lower-division GE courses after they transfer.

Students may apply for certification at the MiraCosta Admissions and Records Office at the time they request a transcript be sent to a CSU campus. The specific rules that apply for Cal-GETC Certification are as follows:

- ▶ All courses must be completed with a grade of "C" or better. A grade of "P" (Pass) is acceptable if it is equivalent to a grade of "C" or higher at the institution where the work was completed. Acceptable courses from non-California community colleges may be completed with a minimum grade of "C-" in these areas.
- ▶ Courses taken at another California community college will be applied to the subject areas in which they are listed at the institution where the work was completed.
- ▶ A course taken at an institution accredited by an agency recognized by the U.S. Secretary of Education may be approved for certification if that course is equivalent to a MiraCosta College course or it has been approved for general education in a comparable category at the institution where the work was completed.
- ▶ Courses completed at foreign institutions are not acceptable for Cal-GETC certification.

After transfer to a CSU campus, students will need to complete the nine additional GE units that are taught at the upper-division level.

### **Certificate of Achievement in Cal-GETC**

Students who complete the entire Cal-GETC pattern of courses are eligible to receive a Certificate of Achievement in California General Education Transfer Curriculum (Cal-GETC). *Note: This program may not be appropriate for some high unit majors in science, technical, engineering or math disciplines, so students should consult with a MiraCosta College counselor to develop an appropriate educational plan for their intended major and CSU campus.*
